

Wanted: More of Your Ideas for Simple Living!

SAVE 5% CAMPAIGN

In his New Year's Message for 2011, Bishop Tani invited us to reflect on our lives:

"I would like to make a suggestion to all of you...to cut waste by 5% and to make 5% more free time ... I think this 5% goal could lighten our burdens and enrich our lives. What do you think? In other words, I think that we can live the spirit of poverty by saving 5% on everything we do or use in our daily lives."

Let us revise our way of living as a response to the Bishop's message!
Share your ideas with us, so we can help everyone to practice the spirit of poverty.

- Q1** How could you cut/save 5%? (Specifically)
- Q2** How would you put this into practice? (Your method)
- Q3** What would you use the 5% savings for instead?
(Your new lifestyle)

Your ideas will be posted on the diocesan website or published in the Diocese News to be shared with many others.

Send in your ideas by FAX / e-mail:
